Request Details:

The applicant seeks approval of a 4-COP-X Alcoholic Beverage Permit for the sale and consumption of beer, wine and liquor on the permitted premises only for a private community lagoon park that is under construction in PD 05-0210. The PD is part of the Southshore Bay development which, according to the applicant, is comprised of the Southshore Bay CDD and the Hidden Creek CDD, per the master community plan attached to this report.

Pursuant to Land Development Code (LDC) Section 6.11.11.A.1, alcoholic beverage permits that are requested for residentially zoned property, other than 11-C and 4-COP-SGX permits, require Special Use approval regardless of whether the requested permit meets applicable separation requirements. In such cases, the LUHO shall be required to make a finding of general compatibility with existing zonings and uses in the area, and the permit shall be conditioned to limit the sales and/or consumption of alcoholic beverages to the specifically identified host use. Additionally, in this case, the applicant is requesting a distance separation waiver from adjacent residentially zoned parcels

Per the revised survey received August 13, 2021, the proposed wet zoning will be 12.7 acres or 555,219 square feet in size and include 12,877 square feet of indoor area and 12.0 acres (542,342 square feet) of outdoor area.

Per LDC Section 6.11.11.D.5, the following distance separation requirements apply to the proposed wet zoning:

1. The distance from the proposed structure to certain community uses shall be 500 feet.
 - According to the survey submitted by the applicant, the request **does** comply with this requirement. (Proposed wet zonings for community uses do not require a waiver from themselves, per LDC Section 6.11.11.D.)
2. The distance from the proposed structure to residentially zoned property shall be 250 feet.
 - According to the survey submitted by the applicant, the request **does not** comply with this requirement.
3. There shall be no more than three approved alcoholic beverage permits of certain types within 1,000 feet of the proposed alcoholic beverage use
 - According to the survey submitted by the applicant, the request **does** comply with this requirement.

Residentially Zoned Property:

As shown on the submitted survey, the proposed wet zoning is surrounded by residentially zoned properties within 250 feet, with the closest (excluding property owned by the applicant which does not require a waiver per LDC Section 6.11.11.D) located 190 feet to the northeast (tag # 2 on the survey). The applicant requests a 60-foot waiver to the required separation requirement from residentially zoned property.

Per LDC Section 6.11.11.E, waivers to the required distance separations may be requested by the applicant at a noticed public hearing. The hearing officer may consider such requests on the basis of whether special or unique circumstances exist such that the proposed alcoholic beverage use does not pose significant impacts on the surrounding uses, and whether certain circumstances exist such that the necessity for the separation requirement(s) is negated.

Waiver Provision:

The applicant has submitted the following justification for the requested separation waiver:

- The wet-zoning will not have a significant negative impact on the surrounding residences because the very purpose of the Lagoon is to serve the Southshore Bay Community.
- The majority of wet-zoning uses will take place on the eastern side of the Lagoon which provides separation from the closest residential uses which are located on the west side of the Lagoon
- The Lagoon has one entrance which is located on the east side of the property at Lagoon Shore Boulevard. The single entrance, combined with the large size of the Lagoon causes the actual distance to travel from the Lagoon entrance to residential property much larger than the straight-line distance identified on the required survey.

- The properties closest to the proposed use are located behind a gate in the Medley at Southshore Bay neighborhood and the gating provides additional layers of protection.
- The applicant has proposed the following hours of operation for the wet zoning: 10:00 a.m. to 11:00 p.m. daily.

Staff Findings:

LDC Section 6.11.11.E.3 provides for approval of separation waivers where there are “special or unique circumstances where the alcoholic beverage use applied for does not have significant impacts on surrounding land uses and certain circumstances negate the necessity for the specified distance requirements.”

- The proposed wet zoning will serve a private lagoon park that may be utilized only by residents of the Southshore Bay development and their guests.
- A relatively small number of existing homes/lots are within the required 250-foot separation, and the closest are separated from the proposed lagoon park by Lagoon Shore Boulevard.
- The proposed hours of operation for the wet zoning, 10:00 a.m. to 11:00 p.m. daily, are generally more restrictive than those permitted by the Land Development Code, which are: Monday through Saturday, 7:00 a.m. to 3:00 a.m. the following day; and Sunday, 11:00 a.m. to 3:00 a.m. the following day. However, staff finds that, by ordinance, the sale and/or consumption of alcohol cannot begin before 11:00 a.m. on Sundays.

Recommendation:

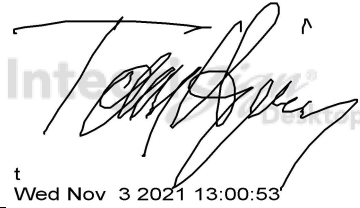

For the reasons discussed above, staff finds the proposed wet zoning does not pose significant impacts on surrounding land uses and the necessity for the specified distance separation requirements is negated by the circumstances identified above. Therefore, staff finds the request to be APPROVABLE, subject to the recommended conditions below. Approval is based upon the wet-zone survey indicating a total of 555,219 square feet space for the proposed use that was received August 13th, 2021.

Recommended Conditions:

1. The 4-COP-X Alcoholic Beverage Permit shall be restricted to a private park serving the Southshore Bay community (Southshore Bay CDD and Hidden Creek CDD) only.
2. The sale and/or consumption of alcoholic beverages shall be limited to residents of the community and their guests only.
3. The sale and/or consumption of alcoholic beverages shall be limited to the following times: Monday through Saturday, 10:00 a.m. to 11:00 p.m.; and Sunday, 11:00 a.m. to 11:00 p.m.

Staff's Recommendation: **Approvable, Subject to Conditions**

SPECIAL USE (ALCOHOLIC BEVERAGE PERMIT)
(WAIVER REQUIRED)
SU-AB 21 06-06 - Updated October 4, 2021

Project Narrative

This is a request for an Alcoholic Beverage Special Use Permit, requiring a waiver. By way of orientation, this property is generally located in Wimauma as set forth below.

Vicinity Map:

The request includes portions of Folios 078878.0000 and 078878.0010 (collectively the “**Property**”). The Property is comprised of +/- 12.75 acres located within (i) unincorporated Hillsborough County, (ii) the Urban Service Area, and (iii) the Wimauma Community Planning Area. The Property is currently zoned Planned Development (PD 05-0210) and has a Future Land Use Category designation of R-6.

THE ABOVE PARCEL CONTAINING 555219 SQUARE FEET, OR 12.75 ACRES, MORE OR LESS.

A. Request:

The request is for a 4-COP-X alcoholic beverage special use permit for a Metro Lagoon water park (the “**Lagoon**”) to allow the sale of beer, wine, and liquor for consumption on the premises by residents, their guests, and limited non-residents pursuant to Major Modification (MM) 21-0417 currently scheduled to be heard by the Board of County Commissioners on October 12, 2021. The application is for 555,219 square feet, which consists of proposed bar areas, accessory buildings, outdoor areas and the area occupied by the Lagoon itself. This area has been reduced from the original request to omit a portion of the parking lot.

B. Compliance with the LDC:

The Hillsborough County Land Development Code (“**LDC**”) normally contemplates alcoholic beverage permits in certain commercial, industrial, and mixed-use districts. However, LDC Sec. 6.11.11(A)(1) provides for restrictive uses in residential zoning districts in situations such as this where there is a special purpose that serves the community. Such requests must be approved by the Land Use Hearing Officer after a finding of general compatibility with existing zonings and uses in the area. Further, any such permit shall be conditioned with limits specifically for the proposed use. This application is compatible with the adjacent surrounding community known as Southshore Bay, because the special use is being developed as part of the community. The use is deliberately contemplated to serve the Southshore Bay community (and limited non-residents contingent upon approval of MM 21-0417), which creates a natural compatibility with the surrounding area. The Lagoon is a unique concept that is a feature of the Southshore Bay community in which it is located.

As required by LDC Sec. 5.2.1.1(2), a scaled survey is included with this application showing the area proposed for wet-zoning as well as: (a) the minimum distance between the proposed wet-zone area and the residential property, which is zero (0) feet (however as noted below, that distance is to residentially zoned property and the actual distance will be greater when developed); (b) a showing that there are no community uses within 500 feet; and (c) there is one existing wet-zoning within 1,000 feet (at 790 feet) from the proposed wet-zone area located within the Medley at Southshore Bay to the east.

C. Distance Waiver Request:

A distance waiver is requested to reduce the minimum distance from the proposed wet-zone area from 250 feet to 0 feet because the wet-zone area is part of a residential PD.

The wet-zoning will not have a significant negative impact on the surrounding residential uses. The primary reason for the lack of negative impact is the same reason that the Lagoon complies with LDC Sec. 6.11.11(A)(1) – because the very purpose of the Lagoon is to serve the surrounding neighborhood and community. The internal layout of the Lagoon will also minimize impact to the surrounding neighborhood because the area where the majority of wet-zoning uses will take place is located on the eastern side of the Lagoon. This location provides separation from the closest residential uses.

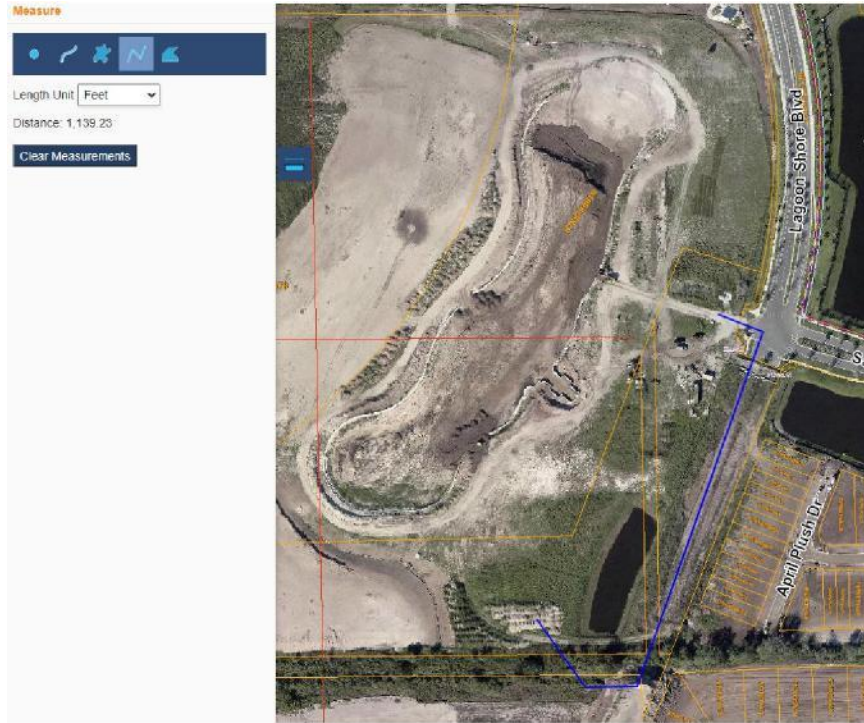

Finally, the geography of the Lagoon and the surrounding area helps protect the residential properties. This is primarily because the Lagoon has one entrance, which is located on the east side of the property at Sailor Pines Court. That one entrance, combined with the large size of the Lagoon cause the actual distance to travel from the Lagoon entrance to residential property much

larger than the straight-line distance identified on the required survey. This actual distance, combined with some other specific features discussed below, make the impact to the residential properties much less than the survey measurements would indicate without further explanation. Since the Lagoon is part of the PD being impacted, the waiver is singular in nature. However, each residential property that may be impacted is discussed in groups according to their respective location and orientation related to the subject Property.

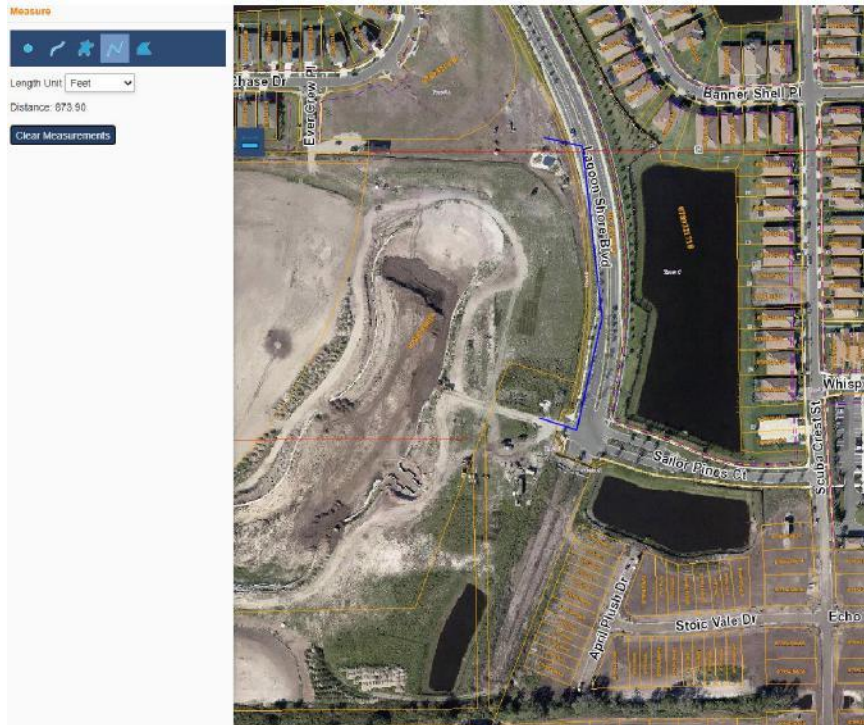

- a. **Group 1** – The first group has a minimum straight-line distance of zero (0) feet, which could be very limiting. However, as is required, the measurement is from the edge of the proposed wet-zoning to the nearest zoned property. The residentially zoned property at zero (0) feet is zoned PD-05-0210, which is the same zoning as the subject Property. Since the zoning surrounds the Lagoon, the distance must be listed as zero (0) feet. It is expected that residential lots will border the subject Property to the north, west, and south as shown in yellow below. Once built, the actual distance from the entrance of the Lagoon to these properties will be much greater than zero (0) feet.

When walking from the Lagoon entrance to expected residential property lines, the closest distance to the properties bordering on the south will be more than 1,100 feet, approximately measured using the Hillsborough County Property Appraiser's tools, as shown below.

The closest distance to the properties bordering on the north will be more than 800 feet, approximately, as shown below.

In addition to the significant walking (and even greater driving) distances from the proposed wet-zoning entrance, these properties will be platted, built, and sold *after* the proposed wet-zoning is operational. Thus, while these properties are required to be noted as a zero (0) foot distance, they are the least affected of the residential properties within 250 feet because future owners will only be buying after the wet-zoning is well established.

- b. **Group 2** – The group of residential properties to the northwest of the proposed wet-zoning, as marked below.

These properties are the furthest from the Lagoon. The minimum walking distance to these properties from the Lagoon entrance is over 1,400 feet. The minimum driving distance is more than a half mile. Additionally, at build out these properties will be buffered from the proposed wet-zoning by the residential properties mentioned in Group 1.

- c. **Group 3** – The final group of residential properties within 250 feet include two (2) different pods of properties all to the east as shown highlighted in yellow below.

These properties are protected because they are located within the *Medley at Southshore Bay*, a 55+, gated community (“**Medley**”). All of these lots face roadways internal to the Medley community. The frontage, internal to Medley, and gating of Medley provide additional layers of protection that are sufficient to protect the properties.

The Lagoon is unique. The wet-zoned area is consistent with the scale of the project. The proximity to residential uses is significantly offset by spatial factors that make the actual distance from use to use much greater, along with additional layers of protection for those properties that would be most impacted. Therefore, although the application requires a waiver, the impact on the community will not be substantial.

Folio Nos. – Portion of 078878.0000 & 078878.0010
Special Use (Alcoholic Beverage Permit)

Dear Mr. Beachy:

In response to your comments issued via email on Wednesday, April 28, 2021, please note the following responses:

- I would like to see the boundary of the Wetzone area better defined in your wet zone survey so that we can clearly differentiate the Wetzone area from the residential areas adjacent.
RESPONSE: Please see the attached revised wet zone survey.
- The vicinity map indicates an outline in red that does not appear to match the outline of what I assume is the proposed wet zone area.
RESPONSE: Please see the attached revised wet zone survey including the revised vicinity map clearly labeling the wet zone area.
- Please advise how the facility will be managed and by which entity? Who will be able utilize the facility and hours of operation of the facility?
RESPONSE: The facility will be managed by lagoon staff and the entity is Southshore Bay Club, LLC. The lagoon is semi-private and the hours of operation in season (Mid-March to November) are 10 a.m. – 8 p.m. and off season are 10 a.m. – 6:00 p.m. The bar is open until 11 p.m. from Thursday – Saturday.
- Also I do not see any documentation in our application folder indicating the you've taken over the applicant status for this project. Please contact our zoning intake staff of two complete the correct paperwork.
RESPONSE: The revised application forms and affidavits are enclosed for your review.

The following documents have been sent via email to Zoning Intake ([ZoningIntake-DSD@HillsboroughCounty.org](mailto:DSD@HillsboroughCounty.org)):

1. Additional Revised Info Sheet
2. Cover Letter
