**LAND DEVELOPMENT CODE TEXT AMENDMENT STAFF REPORT**

**APPLICATION:** LDC 25-1435

**APPLICANT:** Development Services

**BOCC PUBLIC HEARING DATES:** October 16, 2025 and November 13, 2025

- **Intended Purpose of Proposed Amendment**

This proposed amendment to the Land Development Code (LDC) will regulate new Pickleball Courts in the County to mitigate noise impacts on residential uses. This Text Amendment has been directed by the Board of County Commissioners

- **Background and Summary of Proposed Changes to Current Regulations**

At the Board of County Commissioners (“Board”) Regular Meeting on August 20, 2025, the Board moved to set public hearings for the consideration and adoption of amendments to the Land Development Code to regulate the development of pickleball courts near residential uses, including any recommendable distance separation or noise-mitigation requirements.

This Text Amendment will stipulate that new construction of Pickleball courts or conversion of an existing use into a Pickleball court will be required to maintain a distance separation of no less than 250 ft from the structure or building envelope of residential uses. The review of pickleball court facilities will require approval of a Conditional Use zoning permit in accordance with Part 10.01.00 of the LDC. The required separation will be measured from the pickleball court to the nearest structures or building envelopes of a platted lot for a residential use, along the shortest straight-line distance between them, without regard to the route of normal travel. Fully enclosed Pickleball facilities will not be required to meet these standards.

Existing pickleball courts in operation and legally established by September 17, 2025, that are not in conformance with the requirements of this new regulation will be deemed a Legal Nonconforming Use through the issuance of a Determination of Nonconformity certification.

Additionally, the Table of Allowable Uses will be modified to list Pickleball Courts as a new use. In districts where Recreational Use, Private Community, or Public Park and Recreation Facilities are permitted by right, Pickleball courts will be allowed only in connection with those uses.

- **Implications of Proposed Amendment**

New construction of Pickleball courts or conversion of an existing use into a Pickleball court will be prohibited 250 ft from residential uses and will require a zoning permit approval (Conditional Use).

- **Anticipated Cost to Development**

The amendment poses no additional costs to development.

- **Anticipated Staff Resource Cost**

The amendment poses no additional costs for staff resources.

The provisions of this section shall be applicable in the unincorporated areas of Hillsborough County. Construction of new pickleball courts or conversion of existing courts into pickleball courts shall be subject to the regulations of this Section, except as otherwise provided herein."Existing pickleball courts in operation and legally established by September 17, 2025, that are not in conformance with the requirements of this Section may be deemed a Legal Nonconforming Use. This determination shall be made through submittal of a Determination of Nonconformity application by the property owner of the facility. Additionally, fully enclosed Pickleball facilities shall not be required to meet these standards.

**B. Locational Requirements**
