## Live Local Act Project Status Report

At the June 11, 2024, Land Use Meeting the Board directed staff to provide a report and presentation on the status of proposed Live Local Act (LLA) projects.

This report includes a LLA Project Status Tracking Table which identifies the status of projects that have submitted to the County for review under the LLA Administrative Approval and Land Use Restriction Agreement (LURA) Process as shown on the included flowchart. Also included is a map showing the location of each LLA project.

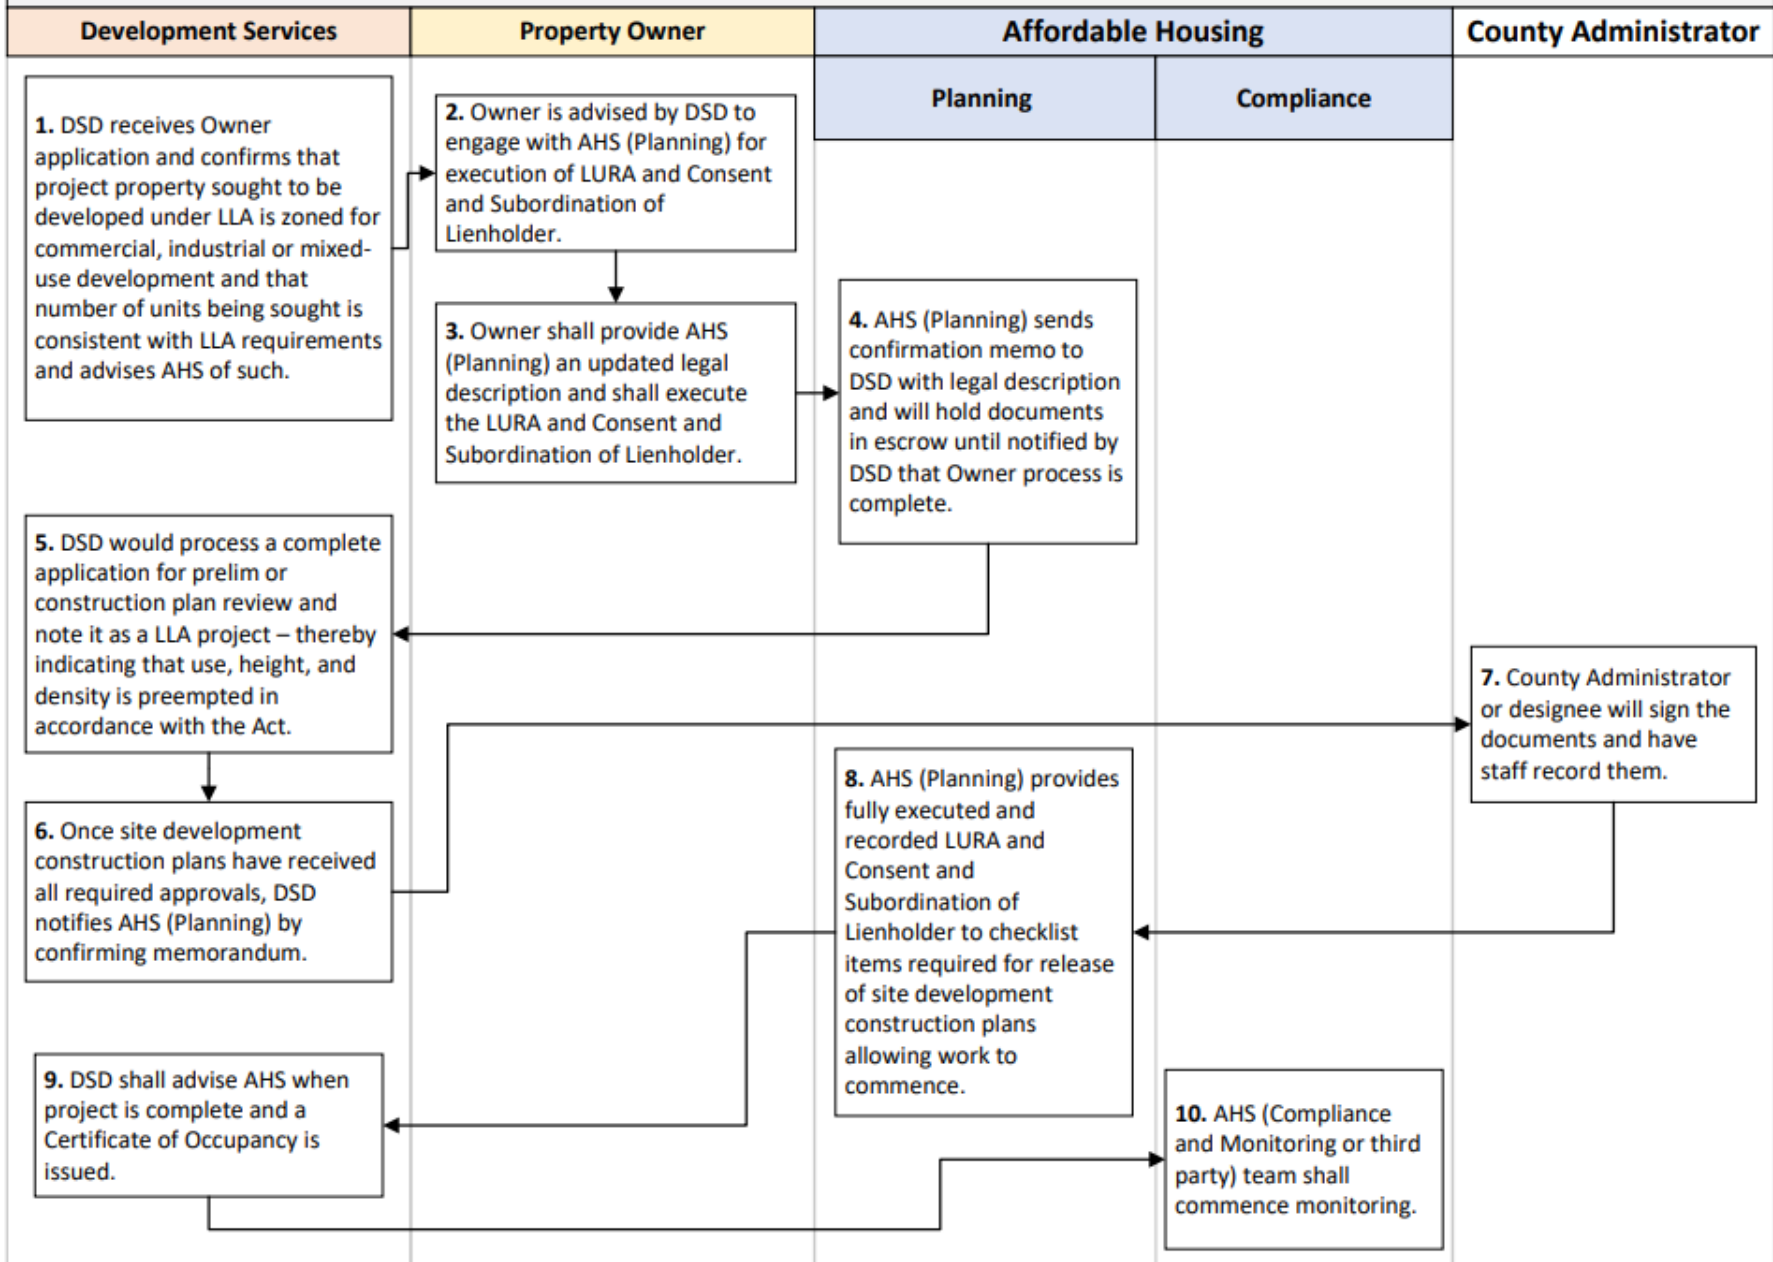

The LLA created Subsection 125.01055(7), Florida Statutes, which preempts the County's regulation of use, density, height and floor area ratio for certain affordable housing projects in areas zoned for commercial, industrial, or mixed-use. The LLA provides that proposed developments authorized under sec. 125.01055(7) must be administratively approved with no further action required by the Board of County Commissioners. The development must satisfy the County's land development regulations for multifamily development in areas zoned for such use and is otherwise consistent with the comprehensive plan, with the exception of provisions establishing allowable densities, height, zoning and floor area ratio.

The Table includes the LLA projects submitted by Applicants and currently under review by Development Services Department (DSD) and Affordable Housing Services (AHS) and follows the LLA Administrative Approval and LURA Process. The green shade color indicates where in the process each project is as they move along the review process until Certificates of Occupancies are issued. The map indicates their location within the County, showing major roads and the Urban Service Area boundaries.

The table and map have been updated. As a result of the recent adoption by the BOCC to amend the Land Development Code exempting land zoned Planned Developments (PDs) from qualifying for LLA projects, the table and map no longer include projects located in PD zoned properties (ZVs 24-0458, 24-0556, 24-0602, 24-0841, 24-0927, 24-1045). However, only one LLA project located in land zoned PD remains in the list since this project was in the site development review process when the LDC Text Amendment was initiated by the BOCC. Other projects listed in the table are those located in land not zoned PD that were not affected by the recent LDC Text changes and are still active in the LLA review process. One additional project for review was received last month and has been added to the list and located on the map.

New projects will be added to the table and map as they come in for review by DSD and AHS.
