Applicant: Maria Rodriguez

Zoning: CN

FLU Category: RES-6

Service Area: Urban

Community Plan Area: None

Overlay: None

Special District: None

Use: Restaurant

Total Wet Zone Area Requested: 2,762 sq. ft.

Inside Area Requested: 2,762 sq. ft.

Outside Area Requested: 0 sq. ft.

Location: 2730 W Waters Ave., Tampa; Folio: 24741.0000

Introduction Summary:

Pursuant to Land Development Code (LDC) Section 6.11.11, the request is for a distance separation waiver for a 2-COP Alcoholic Beverage Development Permit (AB) which includes beer and wine for sale and consumption on and off the permitted premises.

The wet zoning is sought by La Esquina Sabrosa Restaurant. The property is zoned CN (Commercial - Neighborhood), which allows the host use and consideration of the proposed wet zoning.

Distance Separation Requirements	Complies with Requirement
Distance to Certain Community Uses Shall Be 500 feet	No
Distance to Residentially Zoned Property Shall be 250 Feet	No
No More than 3 Approved Alcoholic Beverage uses within 1,000 feet	Yes

Development Services Recommendation:

2.0 REQUESTED DISTANCE SEPARATION WAIVER DETAILS

Requested Waiver	Required Separation	Waiver Distance	Resulting Separation
Distance from proposed structure to certain community uses	500 feet	316 feet	184 feet

Community Uses: Oak Grove United Methodist Church (184 feet), Faith Baptist Church (384.4 feet)

Applicant's Justification:

The business proposing the zoning for an alcoholic beverage license primary business is that of a restaurant with the sale of alcoholic beverages being secondary to food sales. All business is conducted inside and will result in no negative impact on community uses.

The Oak Grove United Methodist Church is located on the opposite side of the road (north side of the road) from the business proposing the AB zoning. The road W. Waters Ave. is one of the most traveled highways in Hillsborough County. The fact that someone would have to 1) travel the church property, 2) then cross the 4-lane highway, to then 3) reach the sidewalk of which would be forced to travel another 60 to 70 feet to reach the entrance of the wet-zoned establishment.

The Faith Baptist Church is located SW of the proposed business to be zoned. The street located on the west side of the proposed site is Habana Avenue (another major Hillsborough County thoroughfare). For a person traveling from the church to the zoned establishment, he would have to 1) travel the church property and then at some point 2) cross the major road and then 3) proceed some 300 feet +/- to reach the wet zoned establishment.

Requested Waiver	Required Separation	Waiver Distance	Resulting Separation
Distance from proposed structure to residentially zoned property	250 feet	123.8 feet	126.2 feet

Applicant's Justification:

The proposed location to be wet zoned is located on the southeast corner of W. Waters Ave. & Habana Ave., both of these roads are heavily traveled and are the homes to many commercial establishments. Meanwhile, located off of these roads and to the back of these commercial establishments there are residentially zoned areas. The business seeking wet zoning is already an established restaurant and is just one of many of these pre-existing businesses within 300 feet of these residences.

The fact that the establishment to be wet zoned is an existing restaurant and is located near numerous other commercial establishments, it does not result in any specific negativity that might affect surrounding residences. There are many obstructions between the residentially zoned property and the proposed wet zoned property, such as trees and shrubbery, fences, walls and other buildings.

3.0 LAND USE MAP SET AND SUMMARY DATA

3.1 Vicinity Map

Context of Surrounding Area:

The surrounding area consists of a mix of zoning districts and land uses. To the north, the property is adjacent to land zoned RSC-6, which is currently occupied by a church. To the south, the zoning is BPO, and the site is developed with a dental office. To the east, the property abuts land zoned CN, which contains a shopping center. To the west, the zoning is PD 01-1437, and the site is utilized as a medical office.

4.0 Staff Findings

LDC Section 6.11.11.E.3 provides for approval of separation waivers where there are “special or unique circumstances where the alcoholic beverage use applied for does not have significant impacts on surrounding land uses and certain circumstances negate the necessity for the specified distance requirements.”

Finding 1 – Residential Proximity

Residentially zoned property is located within 250 feet of the proposed wet-zoned establishment:

The nearest residence is located at 2705 W. Juneau Street, approximately 126.2 feet from the establishment. Residences are set behind intervening commercial properties, and physical buffers such as trees, fencing, walls, and buildings minimize potential impacts. Both the walking (approx. 475 feet) and driving (approx. 1,000 feet) distances between the proposed wet zone area and the residentially zoned property exceed 250 feet.

Staff finds that the commercial character of the area and physical separation from residential uses negate the necessity for strict adherence to the specified distance requirement. Therefore, approval of the requested waiver is justified.

Finding 2 – Church Proximity

Two churches are located within 500 feet of the proposed wet-zoned establishment:

Oak Grove United Methodist Church (2707 W. Waters Avenue) at approximately 184 feet away.

Faith Baptist Church (2805 Silver Lake Avenue) at approximately 384.4 feet away.

Major roadways (W. Waters Avenue and Habana Avenue) and pedestrian barriers significantly reduce practical interaction between the churches and the proposed business. All operations occur indoors, and alcohol sales are secondary to food service.

Staff finds that these conditions—combined with the commercial character of the area, the indoor nature of operations, and the secondary role of alcohol sales—negate the necessity for strict adherence to the specified distance requirement. Therefore, approval of the requested waiver is justified.

For the reasons discussed above, staff finds the proposed wet zoning does not pose significant impacts on surrounding land uses and the necessity for the specified distance requirements is negated.

5.0 RECOMMENDATION AND PROPOSED CONDITIONS (If Applicable)

Staff finds the proposed 2-COP Alcoholic Beverage Permit to be **APPROVABLE**. Approval is based upon the wet zone survey reflecting a total wet zone footprint of 2,762 square feet, as shown on the wet zone survey received November 17, 2025.

CASE # _____

November 12, 2025

La Esquina Sabrosa of Tampa LLC dba La Esquina Sabrosa Restaurant located at 2730 W. Waters Ave. in Tampa is requesting an AB Special Use w/ Waivers zoning to obtain a “wet-zoning” for a 2-COP state alcoholic beverage license. This license allows for the sale of Beer & Wine for “on premise” consumption only.

The restaurant has been open since mid – 2024 And has become a local favorite by many. Customer reviewing and general feedback has determined that the sell of beer and wine would be a positive amenity to the business.

Located at the southwest corner of West Waters in Havana Avenues Management believes that there will be little or no negative impact on the community and surrounding areas. If granted approval.

If approved for this wet zoning the owners will continue to make a positive impact in the community and will continue to follow all laws and regulations pertaining to their operation.

With a zoning approval, the county will have positively supported yet another independently owned and operated business within the Bay Area.
