

PD Modification Application: MM 25-1239

Zoning Hearing Master Date: March 26, 2026

BOCC Land Use Meeting Date: May 12, 2026

**Hillsborough
County Florida**

Development Services Department

1.0 APPLICATION SUMMARY

Applicant: Todd Pressman, Pressman & Associates, Inc.

FLU Category: RES-20

Service Area: Urban

Site Acreage: 3.51

Community
Plan Area: None

Overlay: None

Introduction Summary:

The subject site is zoned PD 85-0355, as most recently modified by PRS 96-0370. The existing zoning has two distinct development areas, one parcel permitting multi-family at a density of 12 dwelling units per acre, and the other permitting 35,000 square feet of commercial uses permitted in the C-1 zoning district, an old zoning designation from the previous Land Development code.

The request seeks to update the entitlements of the commercial parcel by allowing uses permitted in the CG, Commercial General District. The request also seeks to add restrictions to the commercial outparcel, including prohibiting gas and service stations & dine-in restaurants. Additionally, drive-thrus will only be permitted in association with a pharmacy or marijuana dispensary.

Existing Approval(s):	Proposed Modification(s):
- Permitted Uses: C-1 uses (excluding mini-warehousing)	- Permitted Uses: CG uses with restrictions for the commercial outparcel - Outparcel Restrictions - o Gas and service stations prohibited - o Dine-in restaurants prohibited - o Drive-thrus only permitted in association with a pharmacy or marijuana dispensary.

Additional Information:	
PD Variation(s):	None Requested as part of this application
Waiver(s) to the Land Development Code:	None Requested as part of this application

Planning Commission Recommendation: Consistent	Development Services Recommendation: Not Approvable

2.0 LAND USE MAP SET AND SUMMARY DATA

2.1 Vicinity Map

Context of Surrounding Area:

The subject property is located within the Urban Service Area and within the University area. Site is located along Bearss Avenue, near the intersection with Bruce B Downs Boulevard. Surrounding area primarily consists of multi-family residential uses, including single-family residential to the north. To the east is a small commercial node, which includes a bank, a fast-food restaurant, a sit-down restaurant, and offices.

5.0 IMPLEMENTATION RECOMMENDATIONS

5.1 Compatibility

Applicant seeks to make modifications to the commercial parcel of PD 89-0355. The current PD permits C-1 uses (except mini-warehouses), which is a zoning designation from the old Land Development Code. The modification will update this to allow CG, Commercial General Uses to coincide with the current code. The request also more clearly defines an outparcel (previously labeled as “Plaza Outparcel) and includes additional restrictions including prohibiting convenience stores with or without gas pumps, dine-in restaurants, and drive-thrus except with associated with a pharmacy or marijuana dispensary.

The site is located along a Major Roadway and is adjacent to another commercial property to the east. Multi-family uses lie adjacent to the subject property in all directions as well. The parcel to the north and west is part of the same Planned Development that allows 12 dwelling units per acre.

The site is currently developed with a shopping center with various commercial uses such as personal service uses, a pharmacy, and a number of sit-down restaurants. The maximum allowed commercial square footage for the PD is 35,000 square foot, of which 29,772 square feet have been constructed to date. The outparcel is currently vacant, but it is proposed to accommodate a 5,228 square foot structure.

The update to CG from C-1 will allow the Planned Development to be up to date with the current Land Development Code. While the change slightly increases the intensity of the site, the location is appropriate for commercial uses permitted in the CG district, given the proximity to a major roadway, acting as a transition from the adjacent multi-family. In addition, the updated language will benefit in applying the development standards of the current Land Development Code.

Development Services does not foresee any compatibility concerns with the proposed Planned Development. However, Transportation Department has expressed numerous concerns with the proposal including safety issues, insufficient analysis and queueing. More information is provided in Section 9.0 of this report.

5.2 Recommendation

Based on the above considerations, staff finds the proposed Major Modification, subject to the conditions, not approvable.

6.0 PROPOSED CONDITIONS

N/A

Zoning Administrator Sign Off:	
SITE, SUBDIVISION AND BUILDING CONSTRUCTION IN ACCORDANCE WITH HILLSBOROUGH COUNTY SITE DEVELOPMENT PLAN & BUILDING REVIEW AND APPROVAL. Approval of this re-zoning petition by Hillsborough County does not constitute a guarantee that the project will receive approvals/permits necessary for site development as proposed will be issued, nor does it imply that other required permits needed for site development or building construction are being waived or otherwise approved. The project will be required to comply with the Site Development Plan Review approval process in addition to obtain all necessary building permits for on-site structures.

Unincorporated Hillsborough County Rezoning Consistency Review	
Hearing Date: March 23, 2026 Report Prepared: March 12, 2026	Case Number: MM 25-1239 Folio(s): 34916.0050 & 34916.0100 General Location: North of East Bearss Avenue and west of North 30 th Street
Comprehensive Plan Finding	CONSISTENT
Adopted Future Land Use	Residential-20 (20 du/ga; 0.75 FAR)
Service Area	Urban
Community Plan(s)	None
Rezoning Request	Major Modification (MM) to Planned Development (PD 85-0355) to change the allowable uses to the Commercial General (CG) category and add a building on the out-parcel.
Parcel Size	3.51 ± acres
Street Functional Classification	East Bearss Avenue – County Arterial North 30 th Street – Local
Commercial Locational Criteria	Meets
Evacuation Area	None

Table 1: COMPARISON OF SURROUNDING PROPERTIES			
Vicinity	Future Land Use Designation	Zoning	Existing Land Use
Subject Property	Residential-20	PD 85-0355	Light Commercial
North	Residential-20 + Residential-6	PD + RSC-6	Multi-Family + Vacant Land + Single Family
South	Residential-20	RMC-20 + SPI-UC-1	Multi-Family + HOA/Common Property + Public/Quasi-Public/Institutions + Light Commercial
East	Residential-20 + Residential-12	PD	Vacant Land + Light Commercial + Single Family + Multi-Family + Public Communications/Utilities + Public/Quasi-Public/Institutions
West	Residential-20	PD + RMC-20 + RSC-6 + CN	Multi-Family + Light Commercial + Public/Quasi-Public/Institutions

Staff Analysis of Goals, Objectives and Policies:

The 3.51 ± acre subject site is located north of East Bearss Avenue and west of North 30th Street. The subject site is in the Urban Service Area and is not within the limits of any Community Plan. The applicant is requesting a Major Modification (MM) to Planned Development (PD) 85-0355 to change the allowable uses to the Commercial General (CG) category and add a building on the out-parcel.

According to the revised request, which was uploaded into Optix on November 25, 2025, the applicant proposes the following conditions:

1. The proposed outparcel drive thru use will only be allowable for a pharmacy-like or marijuana dispensary use.
2. The following uses are restricted on the out-parcel:
 - No gasoline and service
 - The only food service would be for take-out use only, no dining in

The subject site is located within the Urban Service Area, where Objective 1.1 of the Future Land Use Section (FLUS) directs 80 percent of the County's anticipated growth. FLUS Policy 3.1.3 requires that all new development be compatible with surrounding uses, clarifying that "compatibility does not mean the same as," but rather emphasizes sensitivity to proposed development in order to maintain the character of existing development. The subject site is currently developed with light commercial uses, which are also prevalent in the surrounding area, including properties to the east across North 30th Street and to the west and further south along Bruce B. Downs Boulevard. In addition, multi-family residential and public/quasi-public/institutional uses are located nearby. The subject site is primarily surrounded by the Residential-20 (RES-20) Future Land Use designation, which establish a consistent residential framework in the area. Residential-6 (RES-6) is located to the north, while Residential-12 (RES-12) lies to the east, providing a gradual and compatible transition in residential density surrounding the site. Given this established development pattern, the proposed development is consistent with the intent of FLUS Objective 1.1 and complies with FLUS Policy 3.1.3 by demonstrating compatibility with the surrounding area.

Pursuant to Objective 2.2, the Future Land Use categories establish the maximum allowable intensity or density, as well as the range of permitted land uses within each category. Table 2.2 further defines the character and intent associated with each Future Land Use designation. The subject site is designated Residential-20 (RES-20) on the Future Land Use Map. The RES-20 category provides for the consideration of agricultural, residential, neighborhood commercial, and office uses, as well as multi-purpose projects and mixed-use developments. Development within the RES-20 designation may be considered at densities of up to 20 dwelling units per gross acre or at a nonresidential Floor Area Ratio (FAR) of up to 0.75. With the 3.51 ± acre site, the maximum square feet that may be considered for this site would be 114,671.7 square feet (3.51 ac x 43,560 sq ft = 152,895.6 sq ft x 0.75 FAR = 114,671.7 sq ft). As noted above, the maximum allowable FAR that is considered for commercial uses in the RES-20 Future Land Use category is 0.75 and the proposed FAR would be 0.23, therefore, the proposal is consistent with FLUS Objective 2.2.

The Comprehensive Plan requires that all development meet or exceed the land development regulations in Hillsborough County (FLUS Objective 4.1, FLUS Policy 4.1.1 and FLUS Policy 4.1.2). However, at the time of uploading this report, Transportation comments were not yet available in Optix and thus were not taken into consideration for analysis of this request.

The proposal is consistent with the intent of FLUS Objective 4.4 and FLUS Policy 4.4.1, which require that new development be compatible with the surrounding neighborhood. The existing land use pattern in the vicinity is characterized by a mix of commercial, residential, public/quasi-public/institutional uses. FLUS Policy 4.4.1 further provides that any increase in density or intensity must be compatible with existing, proposed, or planned surrounding development, and that development and redevelopment should be integrated with adjacent land uses through the provision of similar or complementary uses, mitigation of potential adverse impacts, enhanced transportation and pedestrian connectivity, and a gradual transition in intensity. According to the revised site plan uploaded into Optix on November 26, 2025, a 5,228-square-foot building is proposed at the southeastern portion of the site on Folio number 34916.0100. The proposed development includes setbacks of 55 feet from the southern property line and 45 feet from the eastern property line. The existing one-story building located on Folio number 34916.0050 will remain in place and maintains established setbacks of 75 feet to the south, 35 feet to the north, and approximately 4.6 feet to the north and west. As noted, the proposed FAR is 0.23. Based on a review of the Future Land Use Section (FLUS) criteria, the proposed Major Modification is designed in a manner that complements

the existing development pattern in the surrounding area. Accordingly, the proposal is consistent with the intent of FLUS Objective 4.4 and complies with FLUS Policy 4.4.1.

The subject site meets Commercial Locational Criteria (CLC) as established in FLUS Objective 4.7. According to FLUS Policy 4.7.2, neighborhood-serving commercial uses, including office uses, can be considered to the maximum FAR permitted in each Future Land Use category in the following locations: 50% of the site must front along a roadway with a context classification of suburban commercial, suburban town or urban general context classification in the Hillsborough County Context Classification Map or the Florida Department of Transportation Context Classification Map or within 1,000 feet of the intersection of roadways both functionally classified as a collector or arterial per the Hillsborough County Functional Classification Map. At least 75% of the subject property must fall within the specified distance (1,000 feet) from the intersection. All measurements should begin at the edge of the road right-of-way. The land area within this distance, as measured along both roadways, makes a quadrant. The closest qualifying intersection to the subject site is East Bearss Avenue and Bruce B. Downs Boulevard, which is 940 feet away from the subject property, therefore it can be considered for up to 0.75 FAR of office or residential support uses or up to a 0.35 FAR or 175,000 square feet, whichever is less intense, for neighborhood serving uses.

Overall, staff finds that the proposed Major Modification is compatible with the existing development pattern found within the surrounding area. The proposed Major Modification would allow for development that is consistent with the Goals, Objectives and Policies of the *Unincorporated Hillsborough County Comprehensive Plan*.

Recommendation

Based upon the above considerations and the following Goals, Objectives and Policies, Planning Commission staff finds the proposed Major Modification **CONSISTENT** with the *Unincorporated Hillsborough County Comprehensive Plan*, subject to the proposed conditions by the Development Services Department.

FUTURE LAND USE SECTION

Urban Service Area

Objective 1.1: Hillsborough County shall pro-actively direct new growth into the urban service area with the goal that at least 80% of all population growth will occur within the USA during the planning horizon of this Plan. Within the Urban Service Area, Hillsborough County will not impede agriculture. Building permit activity and other similar measures will be used to evaluate this objective.

Compatibility

Policy 3.1.3: Compatibility is defined as the characteristics of different uses or activities or design which allow them to be located near or adjacent to each other in harmony. Some elements affecting compatibility include the following: height, scale, mass and bulk of structures, pedestrian or vehicular traffic, circulation, access and parking impacts, landscaping, lighting, noise, odor and architecture. Compatibility does not mean “the same as.” Rather, it refers to the sensitivity of development proposals in maintaining the character of existing development.

Land Use Categories

Objective 2.2: *The Future Land Use Map (FLUM) shall identify Land Use Categories summarized in the table below, that establish permitted land uses and maximum densities and intensities.*

Policy 2.2.1: *The character of each land use category is defined by building type, residential density, functional use, and the physical composition of the land. The integration of these factors sets the general atmosphere and character of each land use category. Each category has a range of potentially permissible uses which are not exhaustive, but are intended to be illustrative of the character of uses permitted within the land use designation. Not all of those potential uses are routinely acceptable anywhere within that land use category.*

Relationship to Land Development Regulations

Objective 4.1: *All existing and future land development regulations shall be made consistent with the Comprehensive Plan, and all development approvals shall be consistent with those development regulations as per the timeframe provided for within Chapter 163, Florida Statutes. Whenever feasible and consistent with Comprehensive Plan policies, land development regulations shall be designed to provide flexible, alternative solutions to problems.*

Policy 4.1.1: *Each land use plan category shall have a set of zoning districts that may be permitted within that land use plan category, and development shall not be approved for zoning that is inconsistent with the plan.*

Policy 4.1.2: *Developments must meet or exceed the requirements of all land development regulations as established and adopted by Hillsborough County, the state of Florida and the federal government unless such requirements have been previously waived by those governmental bodies.*

Neighborhood/Community Development

Objective 4.4: Neighborhood Protection – *The neighborhood is the functional unit of community development. There is a need to protect existing, neighborhoods and communities and those that will emerge in the future. To preserve, protect, and enhance neighborhoods and communities, all new development must conform to the following policies.*

Policy 4.4.1: *Development and redevelopment shall be integrated with the adjacent land uses through:*

- a) the creation of like uses; or*
- b) creation of complementary uses; or*
- c) mitigation of adverse impacts; and*
- d) transportation/pedestrian connections*

Commercial-Locational Criteria

Objective 4.7: *To meet the daily shopping and service needs of residents, only neighborhood-serving commercial uses will be permitted within land use categories that are primarily residential or agricultural in nature. Intensive commercial uses (uses allowed within the Commercial Intensive zoning district) shall not be considered neighborhood-serving commercial. Such developments do not require a Future Land Use*

Map Amendment to a non-residential category provided they meet the criteria established by the following policies and all other Goals, Objectives and Policies in the Comprehensive Plan. The frequency and allowance of neighborhood-serving commercial uses will be different in the Urban Service Area than in the Rural Area due to the population density, scale and character of the areas.

Policy 4.7.2: *In the above land use categories, neighborhood-serving commercial uses, including office uses, can be considered to the maximum FAR permitted in each Future Land Use category in the following locations:*

- *50% of the site must front along a roadway with a context classification of suburban commercial, suburban town or urban general context classification in the Hillsborough County Context Classification Map or the Florida Department of Transportation Context Classification Map; or*
- *Within 1,000 feet of the intersection of roadways both functionally classified as a collector or arterial per the Hillsborough County Functional Classification Map. At least 75% of the subject property must fall within the specified distance (1,000 feet) from the intersection. All measurements should begin at the edge of the road right-of-way. The land area within this distance, as measured along both roadways, makes a quadrant*
