Live Local Act Project Status Report

At the June 11, 2024, Land Use Meeting the Board directed staff to provide a report and presentation on the status of proposed Live Local Act (LLA) projects.

This report includes a LLA Project Status Tracking Table which identifies the status of projects that have submitted to the County for review under the LLA Administrative Approval and Land Use Restriction Agreement (LURA) Process as shown on the included flowchart. Also included is a map showing the location of each LLA project.

The LLA created Subsection 125.01055(7), Florida Statutes, which preempts the County's regulation of use, density, height and floor area ratio for certain affordable housing projects in areas zoned for commercial, industrial, or mixed-use. The LLA provides that proposed developments authorized under sec. 125.01055(7) must be administratively approved with no further action required by the Board of County Commissioners. The development must satisfy the County's land development regulations for multifamily development in areas zoned for such use and is otherwise consistent with the comprehensive plan, with the exception of provisions establishing allowable densities, height, zoning and floor area ratio.

The Table includes the LLA projects submitted by Applicants and currently under review by Development Services Department (DSD) and Affordable Housing Services (AHS) and follows the LLA Administrative Approval and LURA Process. The green shade color indicates where in the process each project is as they move along the review process until Certificates of Occupancies are issued. The map indicates their location within the County, showing major roads and the Urban Service Area boundaries.

The table and map have been updated. No additional projects for review were received. Changes in the progress status have been documented for the other projects already on the list with two Zoning Verification letters issued for two projects (24-1143 and 24-1146). One project recently filed withdrew from the review process (24-1144). New projects will be added to the table and map as they come in for review by DSD and AHS.
