Subject: Re: 22-0552 Withdraw Information

Good Afternoon Rosa, Brian and Christopher,

As per my conversation with Christopher and the email below it seems as we would need to 1st change the future to be able to get to the present, the application weight heavily on the future and not the present or history of the area, it seems that they present would not be granted accommodations as to a set future were made in 2006, 14 years ago and still the future.

Base on this information we would have to withdraw or application for the present time.

Thank you, Crhistopher, for taken the time to explain all the steps and so many of our questions, and to point me in the right direction. We would get more information with Andrea so that we can understand what steps are necessary to conduct such changes an if we are able to do so.

As per this reason we would like to Withdraw our application. Thank You

With Regards,

Jennifer Jorge P.A
