RECOMMENDATION:

Accept a new agreement for Construction and Warranty of Required Improvements for Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2 and new sureties for performance and warranty. Grant permission to the Development Review Division of Development Services Department to administratively accept the Improvement Facilities (water and wastewater) for each Phase (Phase 4A and a Remaining Phase consisting of Phase 4B, 5B, 6B, 8B and the Collector Road 2nd Extension Phase 2) for Maintenance upon proper completion, submittal and approval of all required documentation. Also provide the administrative rights to release the performance securities for construction of each Phase upon final acceptance by the Development Review Division of Development Services Department and provide the administrative rights to release the warranty security for each Phase upon expiration of the warranty period for such Phase, warranty inspection and correction of any failure, deterioration or damage to the Improvement Facilities for such Phase.

Also provide the administrative rights to release the original securities placed for the original plat for Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2 upon acceptance of the new bonds and agreement.

For Phase 4A accept a new Warranty Bond in the amount of \$24,580.

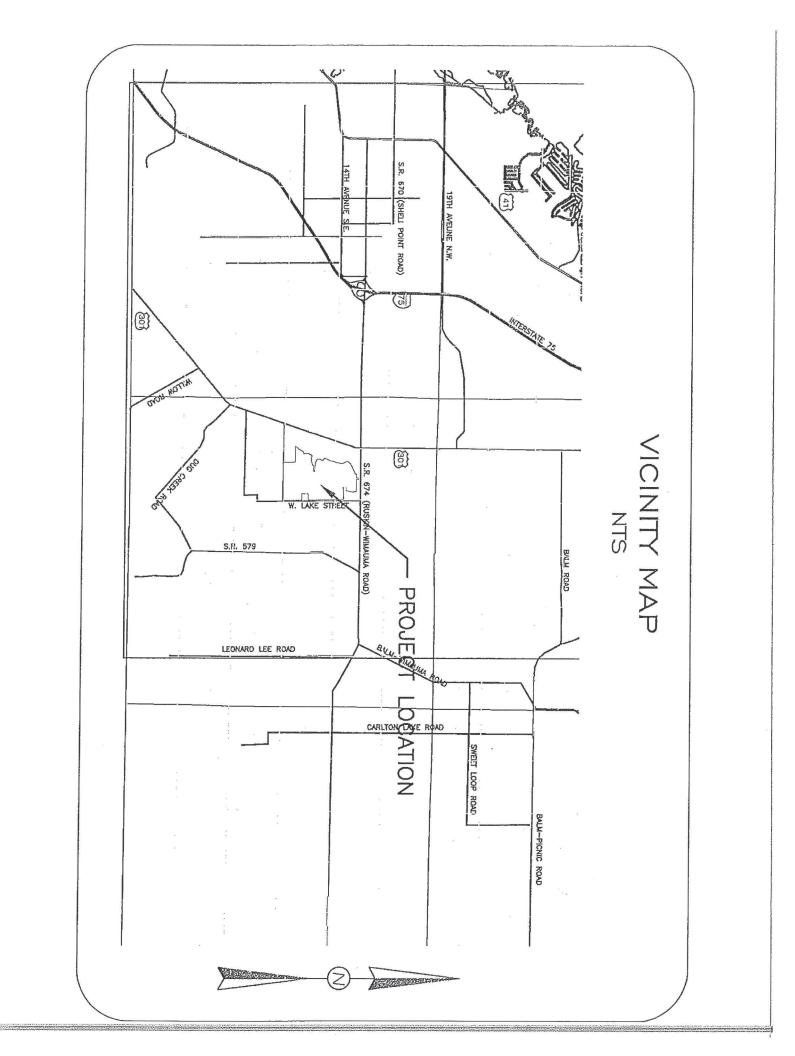

For the Remaining Phase accept a new Performance Bond in the amount of \$3,544,618.11, and a new Warranty Bond in the amount of \$129,821.00.

Authorize the Chair to execute the Subdivider's Agreement for Construction and Warranty of Required Improvements for Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2 and Replacement of Previously Accepted Bonds.

The original Lot Corners Agreement and Performance Bond for Placement of Lot Corners in the amount of \$25,312.50 will remain in effect.

BACKGROUND:

The Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2 is located in Section 17, Township 32, and Range 20. On March 29, 2020. Permission to Construct Prior to Platting was issued for the Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2. On September 8, 2021. the original plat was accepted along with bonding for construction, warranty and lot corners. The construction plans for the subdivision depict two phases (4A and a Remaining Phase consisting of Phase 4B, 5B, 6B, 8B and the Collector Road 2nd Extension Phase 2), and the plat encompasses but does not separately depict the two phases. The Developer has requested to submit separate performance and warranty bonding for Phases 4A and the Remaining Phase because the improvement facilities for Phase 4A are not dependent upon the improvement facilities in the Remaining Phase, and to enable certificates of occupancy to be issued for Phase 4A in advance of the completion of the infrastructure for the Remaining Phase. Bonding has been provided for each phase, which has been reviewed and approved by the county attorney. The developer is Southshore Bay Community Development District, Dune FB Debt LLC, Dune FL Land I Sub, LLC and Hidden Creek Community Development District and the engineer is Hamilton Engineering & Surveying, LLC.

SUBDIVIDER'S AGREEMENT FOR CONSTRUCTION AND WARRANTY OF REQUIRED IMPROVEMENTS FOR FOREST BROOKE SUBDIVISION ACTIVE ADULT PHASES 4, 5B, 6B, 8B AND COLLECTOR ROAD 2ND EXTENSION PHASE 2 AND REPLACEMENT OF PREVIOUSLY ACCEPTED BONDS

This Agreement is made and entered into this _____day of ______, 2022, by and between SOUTHSHORE BAY COMMUNITY DEVELOPMENT DISTRICT, a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes, hereinafter referred to as "Subdivider," and DUNE FB DEBT LLC, a Delaware limited liability company, DUNE FL LAND I SUB, LLC, a Delaware limited liability company, and HIDDEN CREEK COMMUNITY DEVELOPMENT DISTRICT, a local unit of special-purpose government established pursuant to Chapter 190, Florida Statutes, hereinafter together referred to as "Developer," and HILLSBOROUGH COUNTY, a political subdivision of the State of Florida, hereinafter referred to as "County".

Witnesseth

WHEREAS, on September 8, 2021, the County, Subdivider and Developer entered into a Subdivider's Agreement for Construction and Warranty of Required Improvements ("Original Agreement"), pursuant to which the County agreed to accept the plat of a subdivision known as Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2 ("the Subdivision"), and the Subdivider agreed that it would install the improvement facilities depicted on the approved construction plans for the Subdivision (the "Improvement Facilities") and warrant the Improvement Facilities against defects in workmanship and materials for the two years after acceptance of the completed Improvement Facilities for maintenance by the County, as required by the County's Land Development Code ("LDC"); and

WHEREAS, as set forth in the Original Agreement, the Developer agreed to cause the Improvement Facilities to be built and constructed on the property owned by Developer within the Subdivision; and

WHEREAS, as required by the Original Agreement and the LDC, to guarantee the installation of the Improvement Facilities, the Subdivider provided to the County and the County accepted a performance bond with Subdivider as Principal and United States Fire Insurance Company as Surety, Bond No. 6213007143 in the principal amount of four million one hundred seventy nine thousand six hundred seventy eight and 49/100 dollars (\$4,179,678.49), hereafter the "Original Performance Bond"; and

WHEREAS, the plat for the Subdivision has been accepted by the County and recorded in the County's public records at Plat Book 141/Pg 82; and

WHEREAS, the Improvement Facilities have not yet been accepted for maintenance by the County; and

WHEREAS, as required by the Original Agreement and the LDC, to guarantee the warranty of the Improvement Facilities and the obligation of the Subdivider to repair said Improvement Facilities within the designated warranty period, the Subdivider provided to the County and the County accepted a warranty bond with Subdivider as Principal and United States Fire Insurance Company as Surety, Bond No. 6213007152, in the principal amount of one hundred forty thousand one hundred fifty-four and 54/100 (\$140,154.54), hereafter the "Original Warranty Bond"; and

WHEREAS, the Subdivision plat encompasses but does not separately depict multiple phases of the Subdivision: Phases 4A, 4B, Phase 5B, 6B and 8B, and an extension of the collector road. However, the approved construction plans for the Subdivision do separately depict certain phases of the Subdivision; and

WHEREAS, the approved construction plans for Phase 4A of the Subdivision are not dependent upon the infrastructure of the remaining phases of the Subdivision (Phases 4B, 5B, 6B and 8B and the collector road extension, hereafter together referred to as the "Remaining Phase"). Phase 4A would have been approvable without the approval of the Remaining Phase. Separate utility clearances were granted for Phase 4A and the Remaining Phase; and

WHEREAS, the improvement facilities within Phase 4A are complete, but such improvement facilities have not been certified to the County as complete or offered to the County for acceptance and maintenance because the improvement facilities within the Remaining Phase are still under construction; and

WHEREAS, because the LDC places limitations on the issuance of certificates of occupancy based on the completion status of improvement facilities on the approved construction plans, if Phase 4A and the Remaining Phase are not considered separately, the Subdivider will be unable to obtain certificates of occupancy for Phase 4A until the improvement facilities in both Phases 4A and the Remaining Phase (hereafter, together referred to as "Phases" or individually as a "Phase") are completed and acceptable for maintenance; and

WHEREAS, because installation of the improvement facilities within the Phase 4A area of the Subdivision has been completed prior to installation of the improvement facilities within the Remaining Phase area of the Subdivision, and because the improvement facilities for Phase 4A are not dependent upon the infrastructure within the Remaining Phase, Subdivider and Developer have requested that new performance and warranty bonding be accepted to separately guarantee the warranty of the improvement facilities within Phases 4A and the installation and warranty of the improvement facilities within the Remaining Phase, and that the Original Performance Bond and Original Warranty Bond be released.

NOW, THEREFORE, in consideration of the intent and desire of the parties as set forth herein, the Subdivider, the Developer and County agree as follows:

- 1. The terms, conditions and regulations contained in the LDC are hereby incorporated by reference and made a part of this Agreement. The "Whereas" clauses set forth above are incorporated herein by reference and made a part of this Agreement.
- 2. Subdivider agrees to well and truly build, construct and install in the Remaining Phase of the Subdivision, within six (6) months of the effective date of this Agreement, all roads, streets, grading, sidewalks, bridges, stormwater drainage systems, water, wastewater and reclaimed water systems, to be built and constructed in the Remaining Phase of the Subdivision, in exact accordance with the drawings,

plans, specifications and other data and information filed with the Hillsborough County Development Services Department by the Subdivider for the Remaining Phase of the Subdivision.

- 3. Developer, as the owner of real property within the Subdivision, agrees to cause the aforementioned improvements to be built in the platted area.
- 4. Subdivider agrees to warranty all improvement facilities located in Phase 4A of the Subdivision against failure, deterioration or damage resulting from defects in workmanship and materials, for a period of two (2) years following the date of acceptance of said improvements for maintenance by the County. Subdivider further agrees to correct within the above described warranty period any such failure, deterioration, or damage existing in the Phase 4A improvements so that said improvements thereafter comply with the technical specifications contained in the LDC established by the County.
- 5. Subdivider agrees to warranty all improvement facilities located in the Remaining Phase of the Subdivision against failure, deterioration or damage resulting from defects in workmanship and materials, for a period of two (2) years following the date of acceptance of said improvements for maintenance by the County. Subdivider further agrees to correct within the above described warranty period any such failure, deterioration, or damage existing in the Remaining Phase improvements so that said improvements thereafter comply with the technical specifications contained in the LDC established by the County.
- 6. Subdivider agrees to, and in accordance with the requirements of the LDC does hereby deliver to the County, an instrument providing a warranty of the obligations described in paragraph 4 above, specifically identified as:

A Warranty Bond, dated <u>June 13, 2022</u> with Hidden Creek Community Development District as Principal, and <u>Berkley Insurance Company</u> as Surety.

Copies of said warranty bond is attached hereto and by reference made a part hereof.

7. Subdivider agrees, and in accordance with the requirements of the LDC does hereby deliver to the County, an instrument ensuring the performance and a separate instrument providing a warranty of the obligations described in paragraphs 2 and 5 respectively above, specifically identified as:

A Performance Bond, dated <u>June 13, 2022</u> with Southshore Bay Community Development District as Principal, and <u>Berkley Insurance Company</u> as Surety; and

A Warranty Bond, dated <u>June 13, 2022</u> with Southshore Bay Community Development District as Principal, and <u>Berkley Insurance Company as Surety.</u>

Copies of said performance and warranty bonds are attached hereto and by reference made a part hereof.

- 8. Once construction of the improvement facilities in each of the Phases is completed, the Subdivider shall submit a written certification, signed and sealed by the Engineer-of-Record, stating that the improvement facilities for such phase are constructed in accordance with:
 - a. The plans, drawings, and specifications submitted to and approved by the County's Development Services Department for such Phase; and
 - b. All applicable County regulations relating to the construction of improvement facilities.

An authorized representative of the County's Development Services Department will review the Engineer's Certification and determine if any discrepancies exist between the constructed improvements and said certification.

- 9. Should the Subdivider seek and the County grant, pursuant to the terms contained in the LDC, an extension of time period established for construction of improvements in the Remaining Phase, the Subdivider shall provide the County with an instrument ensuring the completion of said improvements within the extended period. The instrument shall be in the form of a letter of credit, performance bond, escrow agreement, or cashier/certified check, as required by the LDC.
- 10. In the event the Subdivider shall fail or neglect to fulfill its performance obligations under this Agreement as set forth in paragraph 2 and as required by the LDC, the Subdivider shall be liable to pay for the cost of construction and installation of the improvements to the final total cost including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the County may sustain as a result of the failure of the Subdivider to carry out and execute all of the provisions of this Agreement and the provisions of the LDC.
- 11. In the event the Subdivider shall fail or neglect to fulfill its warranty obligations under this Agreement as set forth in paragraphs 4 and/or 5 and as required by the LDC, the Subdivider shall be liable to pay for the cost of reconstruction of defective improvements to the final total cost, including, but not limited to, engineering, legal and contingent costs, together with any damages, either direct or consequential, which the County may sustain as a result of the Subdivider's failure or neglect to perform.
- 12. The County agrees, pursuant to the terms contained in the LDC, to accept the improvement facilities in each Phase (the Remaining Phase and Phase 4A) for maintenance upon proper completion, approval by the County's Development Services Department, and the submittal and approval of all documentation required by this Agreement and the LDC.
- 13. The County agrees to release the Original Performance Bond and the Original Warranty Bond without undue delay after the approval of this Agreement and acceptance of the improvement facilities for Phase 4A.

- 14. The County agrees, pursuant to the terms contained in the LDC, to issue a letter of compliance to allow the release of certificates of occupancy for each Phase upon receipt of all of the following:
 - a. The Engineer-of-Record's Certification referred to in paragraph 8 above; and
 - b. Acknowledgement by the Development Services Department that all necessary inspections for each Phase have been completed and are satisfactory, and that no discrepancies exist between the constructed improvements and the Engineer's Certification; and
 - c. Provided that all applicable provisions of the LDC have been met.
- 15. In the event that the improvement facilities in the Remaining Phase are completed prior to the end of the construction period described in paragraph 2, the Subdivider may request that the County accept the improvements for maintenance at the time of completion. In addition to the submittal, inspections, and approvals otherwise required by this Agreement and the LDC, the Subdivider shall accompany its request for acceptance with a new or amended warranty instrument, in a form prescribed by the LDC, guaranteeing the obligations set forth in paragraph 5 for a period of two years from the date of final inspection approval. Provided that said warranty instrument is approved as to form and legal sufficiency by the County Attorney's Office, the County's Development Services Department may accept the new or amended warranty instrument on behalf of the County, and release the original warranty instrument received pursuant to this Agreement, where appropriate. All portions of this Agreement pertaining to the warranty shall apply to any new or amended warranty instrument accepted pursuant to this paragraph.
- 16. If any article, section, clause or provision of this Agreement may be deemed or held invalid by any court of competent jurisdiction for any reason or cause, the same shall not affect or invalidate the remaining portions of this Agreement, which shall remain in full force and effect.
 - 17. This Agreement hereby supersedes and replaces the Original Agreement in its entirety.
- 18. This document contains the entire agreement of these parties. It shall not be modified or altered except in writing signed by the parties.

IN WITNESS	WHEREOF, the parties hereto have executed these presents, th	is day of

SUBDIVISION PERFORMANCE BOND

KNOW ALL MEN BY THESE PRESENTS, That we <u>Southshore Bay Community Development District</u> called the Principal, and <u>Berkley Insurance Company</u> called the Surety, are held and firmly bound unto the **BOARD**OF COUNTY COMMISSIONERS OF HILLSBOROUGH COUNTY, FLORIDA, in the sum of <u>Three Million</u>

Five Hundred Forty-Four Thousand and Six Hundred Eighteen Dollars and 11/100 (\$3,544,618.11) Dollars for the payment of which sum, well and truly to be made, we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

WHEREAS, the Board of County Commissioners of Hillsborough County has established subdivision regulations pursuant to authority in Chapter 163 and Chapter 177, Florida Statutes, and Hillsborough County Land Development Code, as amended, Ordinance 92-05, which regulations are by reference, hereby incorporated into and made a part of this Subdivision Performance Bond; and

WHEREAS, these subdivision regulations affect the subdivision of land within the unincorporated areas of Hillsborough County; and

WHEREAS, the Principal has filed with the Development Review Division of Development Services Department of Hillsborough County, Florida, drawings, plans and specifications and other data and information relating to construction of water, wastewater, streets, drainage and other necessary facilities, in accordance with the specifications found in the aforementioned subdivision regulations and required by the Board of County Commissioners of Hillsborough County, Florida, and the County Engineer; and

WHEREAS, said improvements are to be built and constructed in the aforementioned platted area; and WHEREAS, the aforementioned subdivision regulations require the Principal to submit an instrument ensuring completion of construction of the aforementioned improvements within a time period established by said regulations; and

WHEREAS, the Principal, pursuant to the terms of the aforementioned subdivision regulations has entered into a Subdivider's Agreement for Construction and Warranty of Required Improvements, the terms of which Agreement require the Principal to submit an instrument ensuring completion of construction of required

WARRANTY BOND

KNOW ALL MEN BY THESE PRESENTS, That we Southshore Bay Community Development District called the Principal and Berkley Insurance Company called the Surety, are held and firmly bound unto the BOARD OF COUNTY COMMISSIONERS OF HILLSBOROUGH COUNTY, FLORIDA, in the sum of One Hundred Twenty-Nine Thousand Eight Hundred Twenty-One Dollars and 00/100 (\$129,821.00) for the payment of which we bind ourselves, our heirs, executors, administrators, and successors, jointly and severally, firmly by these presents.

WHEREAS, the Board of County Commissioners of Hillsborough County has established subdivision regulations pursuant to authority in Chapter 163 and Chapter 177, Florida Statutes, and the Hillsborough County Land Development Code, Ordinance 92-05, as amended, which regulations are by reference, hereby, incorporated into and made a part of this Warranty Bond; and

WHEREAS, these subdivision regulations affect the subdivision of land within the unincorporated areas of Hillsborough County; and

WHEREAS, the Principal has made the request that the Board of County Commissioners of Hillsborough County accept the improvement facilities (water and wastewater) for maintenance in connection with the approved platted subdivision known as Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2, within all phases of said subdivision with the exception of Phase 4A; and

WHEREAS, the aforementioned subdivision regulations require as a condition of acceptance of the improvement facilities (water and wastewater) that the Principal provide to the Board of County Commissioners of Hillsborough County a bond warranting such improvements for a definite period of time in an amount as agreed to by the Board of County Commissioners of Hillsborough County and the Principal; and

WHEREAS, the Principal, pursuant to the terms of the aforementioned subdivision regulations has

Bond No. # 0245599

entered into a "Subdivider's Agreement for Construction and Warranty of Required Improvements", the terms improvements; and

WHEREAS, the terms of said Subdivider's Agreement, which are by reference, incorporated into and made a part of this Warranty Bond, provide that the Principal shall warrant the above-described improvements for a period of two (2) years.

NOW THEREFORE, THE CONDITIONS OF THIS OBLIGATION ARE SUCH THAT:

- A. If the Principal shall warrant for a period of two (2) years following the date of acceptance of the water and wastewater improvement facilities for maintenance by the Board of County Commissioners of Hillsborough County, in connection with the approved platted subdivision known as Forest Brooke Subdivision Active Adult Phases 4, 5B, 6B, 8B and Collector Road 2nd Extension Phase 2, within all phases of said subdivision with the exception of Phase 4A, against failure, deterioration, or damage resulting from defects in workmanship and/or materials, and;
- B. If the Principal shall correct within the above described warranty period any such failure, deterioration, or damage existing in the aforementioned improvements so that said improvements thereafter comply with the technical specifications contained in the Subdivision Regulations established by the Board of County Commissioners of Hillsborough County, and;
- C. If the Principal shall faithfully perform the Subdivider's Agreement at the times and in the manner prescribed in said Agreement;

THEN THIS OBLIGATION SHALL BE NULL AND VOID, OTHERWISE TO REMAIN IN FULL FORCE AND EFFECT UNTIL FEBRUARY 26, 2025.
