**LUHO Hearing Date:** January 12, 2026  
**Case Reviewer:** Cierra James

**Hillsborough  
County Florida**  
Development Services Department

**Applicant:** Eleazar Garza Zapata      **Zoning:** AS-1  
**Location:** 11905 Baytree Drive, Riverview, FL 33569; Folio 77361.0228

**Request Summary:**

The applicant is requesting a variance to front porch standards to accommodate an existing front porch structure.

**Requested Variances:**

LDC Section:	LDC Requirement:	Variance:	Result:
6.01.03.I.7	Front porches, inclusive of architectural features such as cornices, may project into the required front yard no more than ten feet or 50 percent of the required front yard setback whichever is less. A 50-foot front yard setback is required in the AS-1 zoning district. Therefore, a 40-foot setback is required for a front porch, or 10-foot intrusion into the front yard.	5.5 feet	15.5-foot intrusion into required front yard (34.5-foot front yard setback) for front porch.
6.01.01			

<b>Findings:</b>	The home is setback 51 feet from the property line and the roof of the front porch is 16.5 feet deep, intruding 15.5 feet into the required front yard.  The property is under Code Compliance violation (HC-CMP-25-0000004) for failure to obtain a Residential Miscellaneous Permit.

**DISCLAIMER:**

The variance(s) listed above is based on the information provided in the application by the applicant. Additional variances may be needed after the site has applied for development permits. The granting of these variances does not obviate the applicant or property owner from attaining all additional required approvals including but not limited to: subdivision or site development approvals and building permit approvals.

## SURVEY/SITE PLAN

Received November 18, 2025  
Development Services

26-0018

## Project Description (Variance Request)

1. In the space below describe the variance including any history and/or related facts that may be helpful in understanding the request. This explanation shall also specifically identify what is being requested (e.g. Variance of 10 feet from the required rear yard setback of 25 feet resulting in a rear yard of 15 feet). If additional space is needed, please attach extra pages to this application.

Front porch which is under violation was constructed before knowing a permit was needed and is around 3ft to close to the property line we do not wish to reshape the porch and take off 3ft as it does not harm or endanger anyone driving into the property and would take to much labor to reshape the columns supporting the porch are not only several feet underground but are also stabilized and held down by concrete making reshaping the porch immensely difficult and would most likely require a complete demolition to reduce the size

2. A Variance is requested from the following Section(s) of the Hillsborough County Land Development Code:

Land development code 6.01.03.l(7) The property is zoned AS-1, with front setback of 50', however, the porch is not allowed to encroach more than 10' into the front yard. Hence the want for a variance

## Variance Criteria Response

1. Explain how the alleged hardships or practical difficulties are unique and singular to the subject property and are not those suffered in common with other property similarly located?

To not reshape the porch

2. Describe how the literal requirements of the Land Development Code (LDC) would deprive you of rights commonly enjoyed by other properties in the same district and area under the terms of the LDC.

Would not allow us to have a porch like other similar properties near by

3. Explain how the variance, if allowed, will not substantially interfere with or injure the rights of others whose property would be affected by allowance of the variance.

No this variance will not injure anyone

4. Explain how the variance is in harmony with and serves the general intent and purpose of the LDC and the Comprehensive Plan (refer to Section 1.02.02 and 1.02.03 of the LDC for description of intent/purpose).

Only asking for 3ft

5. Explain how the situation sought to be relieved by the variance does not result from an illegal act or result from the actions of the applicant, resulting in a self-imposed hardship.

Father built the porch not knowing we needed a permit/permission

6. Explain how allowing the variance will result in substantial justice being done, considering both the public benefits intended to be secured by the LDC and the individual hardships that will be suffered by a failure to grant a variance.

Having a variance would allow us to keep the shape of the porch as is without any additional labor being done unfortunately the columns supporting the porch are buried and stabilized by concrete which would make reshaping the porch immensely difficult and laborious for the builder who is also the applicant
