

Variance Application:**VAR 26-0099****LUHO Hearing Date:****January 12, 2026****Case Reviewer:****Orlando Borras****Hillsborough
County Florida****Development Services Department**

Applicant: Tiffney Michelle Lane/Janice Lane

Zoning:

RSC-6

Address/Location: Alafia Vista Drive, Gibsonton 33534; folio numbers: 49354.0000, 49356.0000

Request Summary:

The applicant is requesting a variance to reduce the minimum upland requirements for the use of septic as stated in the Land Development Code, Section 6.01.06 – Minimum Lot Sizes by Available Utilities on two lots.

Requested Variances:

LDC Section:	LDC Requirement:	Variance:	Result:
6.01.06.3	A minimum lot size of one-half acre of upland is required for the use of a septic system.	0.30-acre	0.20 acre of upland requirements (northern parcel)
6.01.06.3	A minimum lot size of one-half acre of upland is required for the use of a septic system.	0.212-acre	0.288 acre of upland requirements (southern parcel)

Findings:

Currently, the applicant is seeking to shift lot lines between parcels 49354.0000 and 49356.0000. The change of lot lines will allow folio 49354.0000 to meet the minimum zoning lot size requirement to place a mobile home on the property. The applicant has obtained a septic system permit from the State of Florida Department of Health.

Zoning Administrator Sign Off:

A handwritten signature of "Colleen Marshall" in black ink.

Project Description (Variance Request)

1. In the space below describe the variance including any history and/or related facts that may be helpful in understanding the request. This explanation shall also specifically identify what is being requested (e.g. Variance of 10 feet from the required rear yard setback of 25 feet resulting in a rear yard of 15 feet). If additional space is needed, please attach extra pages to this application.

We are requesting to shift the south land of 9916 Alafia Vista DR, South to make Folio #49354-0000 Larger. We are requesting the land line shift to make Folio # 49354-0000 the required 7,000 sqft needed to build a Single family home. Both properties are owned by me, and 9916 Alafia Vista DR currently has a septic system and a single family manufactured home on it. With the approval of a land line shift we will have enough sqft to build a home and place a septic system on it per the department of healths approval, which i will attach to my email. We have had a survey done of both parcels, which i will also attach. If the land line shift is approved, we will have just over 8,000 sqft for Folio #49354.0000 which is above the minimum requirement, and 9916 Alafia Vista will still be large enough to obtain its septic, single family manufactured home already on it, and still be within its setback requirements.

2. A Variance is requested from the following Section(s) of the Hillsborough County Land Development Code:

6.01.06

Additional Information

1. Have you been cited by Hillsborough County Code Enforcement? No Yes
If yes, you must submit a copy of the Citation with this Application.
2. Do you have any other applications filed with Hillsborough County that are related to the subject property?
 No Yes
If yes, please indicate the nature of the application and the case numbers assigned to the application (s): Certified Parcel Application
3. Is this a request for a wetland setback variance? No Yes
If yes, you must complete the Wetland Setback Memorandum and all required information must be included with this Application Packet.
4. Please indicate the existing or proposed utilities for the subject property:
 Public Water Public Wastewater Private Well Septic Tank
5. Is the variance to allow a third lot on well or non-residential development with an intensity of three ERC's?
 No Yes
If yes, you must submit a final determination of the "Water, Wastewater, and/or Reclaimed Water – Service Application Conditional Approval – Reservation of Capacity" prior to your public hearing

Land Line move for Folio #049354.0000

August 25, 2025

Hillsborough County
Development services

Dear Development services department,

I Tiffney Lane would like to present the request for a Land Line change. Our property (Folio # 049354.0000) is currently 4750 SQFT. It is currently 95 in depth and 50 in the front. The Land Line change would make it 95 in depth and 92 in the front.

We had a survey completed on the vacant property (Folio #049354.0000) as well as 9916 Alafia Vista drive, to ensure the Land Line change would meet all requirements for both parcels. We are proposing to shift the south Land Line on Folio #49354.0000 to the south into 9916 Alafia vista Dr. Which would then make the property just over 8,000 SQFT. We understand that with the current zoning of RSC-6 for Folio #049354.0000 we would need to meet the minimum of 7,000 SQFT to be able to place a single family mobile/modular dwelling on it. Both Folio #049354.0000 and 9916 Alafia Vista DR are both owned by me and my grandmother so we would be making 9916 Alafia Vista Dr smaller by 42 land units, and making Folio # 049354.0000 bigger by 42 land units.

Thank you for your time,

Tiffney Lane

Variance Criteria Response

1. Explain how the alleged hardships or practical difficulties are unique and singular to the subject property and are not those suffered in common with other property similarly located?

The property is currently only 4,750 SQFT which is less than the required 7,000 SQFT per its zoning of RSC-6.

2. Describe how the literal requirements of the Land Development Code (LDC) would deprive you of rights commonly enjoyed by other properties in the same district and area under the terms of the LDC.

If we can not get the variance approved, we will not be able to move forward with our Certified Parcel application. Therefore, we will not be able to shift our land line, and meet the RSC-6 zoning requirements of the minimum 7,000 SQFT required to build on the land.

3. Explain how the variance, if allowed, will not substantially interfere with or injure the rights of others whose property would be affected by allowance of the variance.

Both of our properties are already fenced in. If we are granted the variance, we will not be moving any fences or affecting any neighbor around us. We plan to build a single family, 3 bedroom, 2 bath, single story home on the vacant land.

4. Explain how the variance is in harmony with and serves the general intent and purpose of the LDC and the Comprehensive Plan (refer to Section 1.02.02 and 1.02.03 of the LDC for description of intent/purpose).

We have no plans to sell our land, and we desire to build on our land and pass down to future generations.

We plan to build efficiently, and within Hillsborough county LDC requirements.

We would like to place a septic system on our land, but if in the future we need to use city sewer, we will also be willing to do so

+

5. Explain how the situation sought to be relieved by the variance does not result from an illegal act or result from the actions of the applicant, resulting in a self-imposed hardship.

We are taking all the right, legal steps to shift our land line south. We have done a survey of both of our properties (9912/9916 Alafia Vista DR) we have submitted and got approved for a septic permit, and we are now applying for our variance.

6. Explain how allowing the variance will result in substantial justice being done, considering both the public benefits intended to be secured by the LDC and the individual hardships that will be suffered by a failure to grant a variance.

We are planning to build a single family home next to my grandmothers house in which I am her caretaker. Both properties are owned by me, and cared for by me. We are currently in the process of a Certified Parcel application which cannot be approved unless our variance is granted.

Additional application-specific requirements are listed in Part B.

Specific Submittal Requirements for Variances

This section provides information on items that must be addressed/submitted for a Special use - Land Excavation permit and will be subsequently reviewed when the application is assigned to a planner. Where certain information does not apply to a project, a notation shall appear on the plan stating the reason, for example, "No existing water bodies within project." Additionally, the explanations and justifications for when certain information does not apply to the project shall be included in the Narrative. If Hillsborough County determines the submitted plan lacks required information, the application shall not proceed to hearing as provided for in Section 6.2.1.1.A. Additionally, the required information is only the minimum necessary to schedule an application for hearing and Hillsborough County reserves the right to request additional information during review of the application.

If you are viewing this form electronically, you may click on each underlined item for additional information.

For any items marked N/A, justification must be provided as to why the item is not included.
