**Case Reviewer:** Logan McKaig

**Hillsborough  
County Florida**

Development Services Department

Applicant: Ramineni Gowtham Kumar & Vaishali Manoj  
Ghandi

Zoning: AS-1

Location: 6620 Grace Sweat Rd, Riverview FL 33578

Folio: 77748.0100

**Request Summary:**

The applicant is requesting a variance to side yard setbacks for an existing accessory dwelling and accessory structure.

**Requested Variances:**

LDC Section:	LDC Requirement:	Variance:	Result:
6.11.02.E and 6.01.01	An accessory dwelling shall meet principal building setbacks. A 15-foot side yard setback is required in the AS-1 district.	11 feet	4-foot side yard setback for the accessory dwelling
6.11.04 and 6.01.01	Accessory structures exceeding 15 feet in height shall meet principal building setbacks. A 15-foot side yard setback is required in the AS-1 district.	9 feet	6-foot side yard setback for accessory structure (metal shed)

Findings:	Code Compliance citation, HC-CMP-25-00000041, was issued for the subject property.

---------------------------------------	---

**DISCLAIMER:**

The variance(s) listed above is based on the information provided in the application by the applicant. Additional variances may be needed after the site has applied for development permits. The granting of these variances does not obviate the applicant or property owner from attaining all additional required approvals including but not limited to: subdivision or site development approvals and building permit approvals.

## **SURVEY/SITE PLAN**

Received

## Project Description (Variance Request)

1. In the space below describe the variance including any history and/or related facts that may be helpful in understanding the request. This explanation shall also specifically identify what is being requested (e.g. Variance of 10 feet from the required rear yard setback of 25 feet resulting in a rear yard of 15 feet). If additional space is needed, please attach extra pages to this application.

Please See attached Project Description document

2. A Variance is requested from the following Section(s) of the Hillsborough County Land Development Code:

Please See attached Project Description document

### Additional Information

1. Have you been cited by Hillsborough County Code Enforcement?  No  Yes  
If yes, you must submit a copy of the Citation with this Application.
2. Do you have any other applications filed with Hillsborough County that are related to the subject property?  
 No  Yes If yes, please indicate the nature of the application and the case numbers assigned to the application (s): HC-BLD-25-0072428, HC-BLD-25-0072467, HC-BTR-25-0289849, HC-BTR-25-1
3. Is this a request for a wetland setback variance?  No  Yes  
If yes, you must complete the Wetland Setback Memorandum and all required information must be included with this Application Packet.
4. Please indicate the existing or proposed utilities for the subject property:  
 Public Water  Public Wastewater  Private Well  Septic Tank
5. Is the variance to allow a third lot on well or non-residential development with an intensity of three ERC's?  
 No  Yes If yes, you must submit a final determination of the "Water, Wastewater, and/or Reclaimed Water – Service Application Conditional Approval – Reservation of Capacity" prior to your public hearing

# Project Description (Variance Request)

## Specific Variance Requested:

A variance of **11 feet** from the required **15-foot side yard setback** under **Section 6.11.02.E** of the **Hillsborough County Land Development Code (LDC)** is respectfully requested to allow two existing accessory structures—a **wood Accessory Dwelling Unit (ADU)** and a **metal storage shed**—to remain in their current locations.

- The **wood ADU** is located approximately **4 feet** from the side property line.
- The **metal shed** is located approximately **6 feet** from the same side property line.

This request seeks to reduce the required 15-foot side yard setback to **4 feet** and **6 feet** respectively, to legalize the placement of both structures that existed prior to the current owner's purchase of the property.

## History and Background:

I, **RAMINENI GOWTHAM KUMAR**, together with **GANDHI VAISHALI MANOJ**, purchased the property located at **6620 Grace Sweat Rd, Riverview, FL 33578** in July 2024 as first-time homebuyers. At the time of purchase, both the **wood ADU** and the **metal shed** were already constructed and present on the property. Their existence and placement are documented in the **Hillsborough County Property Appraiser's records**.

Subsequent to the purchase, I received a **Code Enforcement notice** concerning modifications made to the existing wood ADU (including the removal of the garage door and installation of windows). Upon receiving this notice, I immediately reached out to the **Hillsborough County Building and Code Compliance Office** to seek guidance and resolve the issue properly. I was informed that a **variance** must first be obtained before proceeding with the necessary permits and inspections to bring both structures into full compliance with current County standards.

## Justification and Good Cause for the Variance:

1. **Pre-existing Condition and Good Faith Ownership:** The structures were built prior to my ownership and their current locations were inherited as-is. I purchased the property in good faith, unaware of any setback inconsistencies. Requiring relocation would cause significant hardship, unnecessary expense, and potential damage to both the structures and the surrounding landscape.
2. **Commitment to Compliance:** I am actively working to resolve all County concerns and bring the property into full compliance. This variance is a critical first step toward obtaining the necessary building permits, ensuring safety, and maintaining conformity with County regulations.
3. **Consistency with Neighborhood Character:** Both the wood ADU and metal shed are modest in scale, well-maintained, and consistent with other accessory structures within the surrounding neighborhood. Their existing placement does not create any negative visual or functional impact on adjacent properties and remains harmonious with the overall residential character of the community.

**4. No Adverse Impact to Neighbors or Public Welfare:** The placement of these structures does not obstruct access, interfere with drainage patterns, or impact visibility or emergency access. Neighboring properties are not adversely affected, and no environmental or aesthetic harm has resulted from the structures' existing locations.

**5. Site Limitations and Practical Considerations:** The overall lot configuration and existing layout of the principal residence limit feasible relocation options for these structures. Maintaining their current placement is the most reasonable and least disruptive solution that preserves the usability and integrity of the property.

**Applicable Land Development Code Section:**

This variance request is made pursuant to **Section 6.11.02.E** of the **Hillsborough County Land Development Code (LDC)**, which requires a **15-foot side yard setback** for accessory structures in the **ASC-1 zoning district**.

The applicant respectfully requests a reduction of this setback requirement to:

- **4 feet** for the existing **wood ADU**, and
- **6 feet** for the existing **metal shed**.

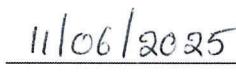

Granting this variance will allow the property owners to proceed in good faith with permitting, ensure compliance with County regulations, and maintain the character, safety, and value of the property in harmony with the surrounding community.

**Applicant Information:**

## Variance Criteria Response

1. Explain how the alleged hardships or practical difficulties are unique and singular to the subject property and are not those suffered in common with other property similarly located?

Please See attached Variance Criteria Response document

2. Describe how the literal requirements of the Land Development Code (LDC) would deprive you of rights commonly enjoyed by other properties in the same district and area under the terms of the LDC.

Please See attached Variance Criteria Response document

3. Explain how the variance, if allowed, will not substantially interfere with or injure the rights of others whose property would be affected by allowance of the variance.

Please See attached Variance Criteria Response document

4. Explain how the variance is in harmony with and serves the general intent and purpose of the LDC and the Comprehensive Plan (refer to Section 1.02.02 and 1.02.03 of the LDC for description of intent/purpose).

Please See attached Variance Criteria Response document

5. Explain how the situation sought to be relieved by the variance does not result from an illegal act or result from the actions of the applicant, resulting in a self-imposed hardship.

Please See attached Variance Criteria Response document

6. Explain how allowing the variance will result in substantial justice being done, considering both the public benefits intended to be secured by the LDC and the individual hardships that will be suffered by a failure to grant a variance.

Please See attached Variance Criteria Response document

## Variance Criteria Response

### **1. Hardship or Practical Difficulty**

The hardship is **unique to this property** and constitutes a practical difficulty, not a desired upgrade. The primary issue is the **pre-existing, non-conforming** setback of the shed, which I inherited upon purchasing the property in July 2024. The **lot's current layout**, including existing utility lines and the primary dwelling placement, creates a practical difficulty, as relocation would require **significant, costly disturbance** to other permanent site improvements. I am seeking this variance in good faith to resolve this legacy issue and clear the County violation.

### **2. Rights Deprived**

Without approval, I would be unfairly deprived of the ability to use and maintain lawful accessory storage structures that are **typical and necessary** for a residential property in the ASC-1 zone, due to an inherited technicality. This deprives me of rights commonly enjoyed by other property owners in the district.

### **3. No Harm to Others**

The sheds are small, low-profile structures shielded by existing fencing and landscaping. The variance will cause **no adverse effects** on adjacent properties. They **do not obstruct** visibility, drainage, or access for any neighbor.

### **4. In Harmony with the LDC and Comprehensive Plan**

The variance is **in harmony with the LDC and Comprehensive Plan** because it supports reasonable residential use and responsible property management. It allows me to maintain a modest accessory structure while **preserving the established neighborhood character and density**.

### **5. Not Self-Imposed**

The primary condition requiring this variance—the **non-conforming setback**—is **not self-imposed**; it existed before my ownership. I must, however, acknowledge that as a first-time homebuyer, I was **unaware of the permitting requirements** when I modified the door and window. The moment I received the County violation, I **immediately contacted the inspector** and initiated the compliance process. My action is a responsible effort to correct an inherited defect and an honest mistake.

### **6. Substantial Justice**

Allowing this variance will result in **substantial justice** being done by striking a fair balance between the public benefits and the individual hardship. The public benefits of the LDC (e.g., safety, air, light) are **not compromised** by these small, screened structures. Justice is served by

granting relief to an owner who is actively **cooperating with the County** to resolve an inherited code violation, thereby avoiding the **unnecessary financial burden** of forced removal for a technical, pre-existing issue.

Additional application-specific requirements are listed in Part B.

## Specific Submittal Requirements for Variances

This section provides information on items that must be addressed/submitted for a Special use - Land Excavation permit and will be subsequently reviewed when the application is assigned to a planner. Where certain information does not apply to a project, a notation shall appear on the plan stating the reason, for example, "No existing water bodies within project." Additionally, the explanations and justifications for when certain information does not apply to the project shall be included in the Narrative. If Hillsborough County determines the submitted plan lacks required information, the application shall not proceed to hearing as provided for in Section 6.2.1.1.A. Additionally, the required information is only the minimum necessary to schedule an application for hearing and Hillsborough County reserves the right to request additional information during review of the application.

If you are viewing this form electronically, you may click on each underlined item for additional information.

For any items marked N/A, justification must be provided as to why the item is not included.

### Part B: Project Information

#### Additional Submittal Requirements for a Variance

- 1  Project Description/Written Statement of the Variance Request
- 2  Variance Criteria Response
