**LUHO Hearing Date: December 15, 2025**  
**Case Reviewer: Orlando Borrás**

**Hillsborough  
County Florida**

**Development Services Department**

**Applicant:** YMY Electric LLC **Zoning:** RSC-6

**Address/Location:** 405 Morningside Drive, Valrico FL 33594; Folio No(s): 70082.0000

**Request Summary:**

The applicant is requesting a variance to reduce the minimum upland requirements for the use of septic as stated in the Land Development Code, Section 6.01.06 – Minimum Lot Sizes by Available Utilities on two lots.

**Requested Variances:**

LDC Section:	LDC Requirement:	Variance:	Result:
6.01.06.3	A minimum lot size of one-half acre of upland is required for the use of a septic system.	0.27-acre (Lot 1); 0.28-acre (Lot 2)	0.33 acre of upland on Lot 1 and .32 of upland in Lot 2 for the use of a septic system

**Findings:**

The existing home on the subject folio was demolished under permit HC-BDE-25-0007201. The applicant proposes to subdivide the subject parcel into two lots to develop two single family homes, one on each lot.

**Zoning Administrator Sign Off:**

## Project Description (Variance Request)

1. In the space below describe the variance including any history and/or related facts that may be helpful in understanding the request. This explanation shall also specifically identify what is being requested (e.g. Variance of 10 feet from the required rear yard setback of 25 feet resulting in a rear yard of 15 feet). If additional space is needed, please attach extra pages to this application.

We are asking for a variance from the Minimum Lot Sizes by Available Utilities. Specifically the requirement for 0.5 acres in order to have a septic system. We are asking to deviate from this because the sewer is around 1200 feet from our property and would cost us an unreasonable amount of money and time to bring to the property. Furthermore all of the nearby houses are on septic and many have under 0.5 acre. Specifically the house next door to this property was recently built within the past 5 years and has less than 0.5 acres and it has both septic and well. Our proposed septic and well for both homes is also well within code for distances from the property line, and other septic and wells. We will also be using an aerobic system which has a more minimal footprint than a non-aerobic system and more effectively disposes of wastewater.

2. A Variance is requested from the following Section(s) of the Hillsborough County Land Development Code:

Per the LDC Section 6.01.06 -  
Minimum Lot Sizes By Available Utilities, each lot needs to have at least .5 acres of uplands.

## Additional Information

1. Have you been cited by Hillsborough County Code Enforcement? ☒ No ☐ Yes  
If yes, you must submit a copy of the Citation with this Application.
2. Do you have any other applications filed with Hillsborough County that are related to the subject property?  
☒ No ☐ Yes If yes, please indicate the nature of the application and the case numbers assigned to the application (s): \_\_\_\_\_
3. Is this a request for a wetland setback variance? ☒ No ☐ Yes  
If yes, you must complete the Wetland Setback Memorandum and all required information must be included with this Application Packet.

## Variance Criteria Response

1. Explain how the alleged hardships or practical difficulties are unique and singular to the subject property and are not those suffered in common with other property similarly located?

There are other properties located nearby with private well and septic with less than .5 acres and the neighboring house was constructed within the past few years with private well and septic with less than .5 acres.

2. Describe how the literal requirements of the Land Development Code (LDC) would deprive you of rights commonly enjoyed by other properties in the same district and area under the terms of the LDC.

We would be deprived of rights enjoyed by other properties because the neighboring houses all have septic and private well. In order for us to bring sewer, it would cost us upwards of hundreds of thousands of dollars because it is at 1300 feet of distance which is unreasonable the construction of two new homes.

3. Explain how the variance, if allowed, will not substantially interfere with or injure the rights of others whose property would be affected by allowance of the variance.

The variance, if allowed, will not interfere or injure the rights of others because all of our items are within compliance and is similar to the surrounding properties.

4. Explain how the variance is in harmony with and serves the general intent and purpose of the LDC and the Comprehensive Plan (refer to Section 1.02.02 and 1.02.03 of the LDC for description of intent/purpose).

This deviation is in harmony and serves with the intent and purpose of the LDC and the Comprehensive Plan because the deviation is minor and it allows for reasonable use of this lot similar to the surrounding properties.

5. Explain how the situation sought to be relieved by the variance does not result from an illegal act or result from the actions of the applicant, resulting in a self-imposed hardship.

We have not inflicted any self-imposed hardship as we have not proceed with constructing anything yet, but we have already paid for blueprints. We are just looking for an approval to be able to continue with building these two homes.

6. Explain how allowing the variance will result in substantial justice being done, considering both the public benefits intended to be secured by the LDC and the individual hardships that will be suffered by a failure to grant a variance.

Allowing the variance will result in substantial justice because it allows this construction to proceed with the same benefits and privileges of the other nearby properties. This would also further increase the value of property in the area and provide two new homes. Failure to grant this variance would deprive this lot of the same privileges as the other homes.

## Specific Submittal Requirements for Variances

This section provides information on items that must be addressed/submitted for a Special use - Land Excavation permit and will be subsequently reviewed when the application is assigned to a planner. Where certain information does not apply to a project, a notation shall appear on the plan stating the reason, for example, "No existing water bodies within project." Additionally, the explanations and justifications for when certain information does not apply to the project shall be included in the Narrative. If Hillsborough County determines the submitted plan lacks required information, the application shall not proceed to hearing as provided for in Section 6.2.1.1.A. Additionally, the required information is only the minimum necessary to schedule an application for hearing and Hillsborough County reserves the right to request additional information during review of the application.

If you are viewing this form electronically, you may click on each underlined item for additional information.

For any items marked N/A, justification must be provided as to why the item is not included.
